Cheddell Simpson, aged 44, the husband of Emery's stenographer, is being held for the shooting. A divorce action is pending against him. The Colonel was shot in the left shoulder.

### RYAN MISSIONARIES ENROUTE HOME FROM THE FIELD IN CHINA

Bryan friends will rejoice to know that Dr. and Mrs. L. O. Wilkerson and their little daughter are enroute from China to America and will remain permanently in the United States. They sailed from Shanghai, China, September 22nd, and will tour France and England before coming to the United States. They expect however, to arrive in Bryan to spend the Thanksgiving season with Mrs. Wilkerson's parents, Mr. and Mrs. Ed Wickes.

The only case of material interest to the general public that has been tried in district court this week was that of Robert Turner, negro, vs. the L-G. N. Railroad, which resulted in a verdict of \$800 for the plaintiff. W. E. Neely was attorney for the plaintiff. The suit involved alleged personal damages.

### JUDGMENT FOR PLAINTIFF IN SUM OF \$800—ROBERT TURNER VS. L-G. N. R. R.

### BEN L. FOSTER OF STEEP HOLLOW DIED SUDDENLY TODAY

News of the sudden death of Ben L. Foster of the Steep Hollow community, this county, reached Bryan this morning, bringing sincere regret to the many friends and acquaintances of this good man. Mr. Foster had been in his usual good health, and his death, said to have been caused by apoplexy, was a great shock to his family and friends. Last night about bed time, he complained of not feeling well, went to bed and rested very well. This morning at 9 o'clock he was suddenly stricken with apoplexy and died at 9:45. Deceased was 51 years of age, and leaves to mourn his loss his widow, two sons, Roy L. Foster and D. B. Foster, and three daughters, Misses Lola Mildred and Ruby Foster, all of Steep Hollow. He is also survived by one brother, W. R. Foster of College Station, and three sisters, Mrs. Ella Berry of Fort Worth, Mrs. Lucy Wilson Thorndale, and Mrs. O. V. Hopkins of Bryan. The funeral will be conducted from his late residence on Tuesday. The hour of the funeral has not yet been announced. Interment will be made in Steep Hollow.

In the evening I wandered with the faithful women over the grounds and listened to them evolve the plans that are eventually to make of the place an object of pride and worship for Texans as great as possessed by the nation in the old home of George Washington on the Potowmac. As I stood on the ridge about the center of the tract and swept my eyes over the gently sloping terrain stretching in an exquisite grassy sward down to the bank of the river, my vision bounded by the copper colored stream rippled beneath its banks of rich red luster and bounded by the fringed and lacy rows of dense willows on the opposite bank I accepted without qualification the assurance of the women that it was a

place unsurpassed in natural beauty at the Washington homestead. Majestic and rich fruiting pecans, and noble, sighing cottonwoods dot the grassy slopes.

In this awsome setting they discussed the plans that the committee now has tentatively accepted of building gravel drives, a meeting pavilion and places for temporary abode by visitors. Also their plan of erecting a flag pole at the center of the grounds and most important of all reproducing the old house which was the first capitol of the state, and

in the front room and were entertained with music by Miss Hazel Bacon, Miss Eula Beth Locke and the victrola. Refreshments of fruit punch was served and after a few more games had been played, at a late hour, the guests began leaving, expressing appreciation for a most enjoyable evening.

On Saturday night, October 11th, a party was given in honor of Miss Louise Blanton and Miss Hazel Bacon by Mr. and Mrs. W. G. Colson, at the Tabor Teacherage. The guests began arriving about 8 o'clock. The fun was started in the playing of "Progressive Conversation", "Forty-two", and many other interesting games. Then the attendants gathered in the front room and were entertained with music by Miss Hazel Bacon, Miss Eula Beth Locke and the victrola. Refreshments of fruit punch was served and after a few more games had been played, at a late hour, the guests began leaving, expressing appreciation for a most enjoyable evening.

Boys' party is a pleasant Thursday evening. The boys were medicated with salve and germ-destroying agents used by the dental which carries the medicament into the roots of the teeth. The boys, after getting loose teeth, give out about and killing the rhoea, there. Ed Wickes is in a pleasant San Saba to attend fits of a hunting and gun hunt given by without and Wolf Hunters' Association, which is a member. Crim, evangelist, is the president of the association and the "pep" of the enjoyable annual hunt.

### ELEVEN DEATHS GUN EXPLOSION

THREE ADDITIONAL DEATHS IN NIGHT BRINGS TOTAL UP TO ELEVEN

### FOUR ARE ANNOUNCED

(By Associated Press)

WASHINGTON, Oct. 22.—Three additional deaths during the night brought the total number of fatalities from the explosion Monday on the cruiser "Trenton" to eleven. Arthur McCormick, of Charlestown, Mass.; George Luker, of Belford, New Jersey, and George Gafferty, of New York, all seamen, were those whose deaths were announced today by the Navy Department.

Another Died Later.

Franklin Biglow Jeffry, seaman, whose home was at Lynn, Mass., died this morning. He was one of the six surviving members of the turret crew on duty at the time of the disaster. Four are still believed to be in a critical condition.

Deteriorated Powder Was Cause.

Deteriorated powder probably will be found to be the cause of the explosion on Monday on board the cruiser "Trenton" according to some naval ordnance experts. Normally inert, the service charge is incurred because of instability after being subjected to slight temperature and under other unusual conditions was in such a state, it was held, that the powder may have become ignited by even a slight friction resulting from contact with the walls of the hoist.

the world is better for his life here.

Summarizing developments of the past week, Washington reported "The week was warm, dry and sunshiny throughout cotton states, which made ideal weather for maturing late crop in northern district, and for picking and ginning generally".

Referring to the reported increase of 22 per cent in operation of English spindles effective November 1st as announced yesterday, Manchester press advices are to effect that the step was taken up on complaints by manufacturers of slowness of delivery and that change is taken as proof that trade is improving.

Friday will be the last October notice day in when tenders are expected heavy but said that large spot interests there are prepared to take care of all cotton that may be tendered.

The certified stock at New York on 18th was 82,000 bales, probably larger today.

On Saturday next the government will report on condition of crop as of October 14th and on ginnings up to the same date. The report will be issued at 10 a. m. New Orleans time.

On October 18th the government report as of Oct. 1st, averaged the condition of crop at 53.5 and forecasted a yield of 12,499,000 of which 4,526,000 were ginned to the closed of September. Ginnings of at least 7,000,000 are expected to be reported as having been ginned to October 18th, and if the government forecast a yield of 12,600,000 or more, market is likely to decline probably advance if 12,400,000 or less.

### DIVERSIFIED FARMING PRACTICED BY MAN AT MILLICAN—J. D. STEELE

J. D. Steele, a farmer of near Milligan, visited the Eagle office this morning with some specimens of products from his farm. He brought four large ripe pears which are from his five trees of Keiffer pears. He has already marketed these pears locally, realizing the sum of \$65.65 from the sale of them in addition to canning all that was needed for the home. He also has two Japanese persimmon trees, which are loaded with fruit and just now ripening. A sample of the fruit was also brought to the Eagle. Each persimmon is about the size of and very much resembles in shape and color a tomato which is just ripening. The stem and leaf also resemble the tomato. The size is about that of a good-sized tomato. In addition to the above fruits, Mr. Steele is raising popcorn which he says is the very best variety. It is the yellow, large-grain kind and pops easily, he added. Mr. Steele makes the products of this nature provide for the home and the small home expenses and his farm profits are made from the sale of his cotton. He has learned the wisdom of diversified farming and learned how to live from his farm and create the profit from the leading staple crop of the Southland.

### JUDGMENT FOR PLAINTIFF. IN SUM OF \$800—ROBERT TURNER VS. L.-G. N. R. R.

The house is the home of the keeper, T. B. Conner, and wife, who are paid from State appropriation to keep the place. They are a hospitable couple and entertained us with an old-fashioned bounty of courtesy and wholesome food. Incidentally they delighted us in the incidental course of conversation with narratives of early life. The most boasting assertions of the venerable keeper were of his knowledge and early acquaintance of Dr. W. B. Bizzell, the Agricultural and Mechanical College of Texas. He was on the homestead of the Bizzell's at old William Penn, in those days a center of trade on the road between Washington and Independence. He is conscious of a debt of service to the Republic that was born here on March 2, 1836, the declaration of independence from Mexico was signed. This shaft was erected several years ago by the contributions of the school children of Washington county and it was unveiled with ceremonies presided over by Mrs. John E. Astin, now of Bryan, formerly Miss Mollie White Harbin, of Brenham, Washington county.

A cursory glance about the iron fence brings the attention of most visitors to an ordinary piece of iron frame leaning up against the fence on the outside where it is liable to be picked up by the collector of scrap iron any day. To the casual observer it may be the front grating of a fireplace or frame or some vault door or other opening, but some more careful lookers see in it near the top "Washington Press" and beneath it almost obscured by rust the Texas coat of arms. Then if this observer knows something of early printing presses he recognizes this cast away piece as a part of one of the earliest printing presses used in the United States. The type that was operated by hand by means of the screw method. Then comes to memory the passage of John Brown's History of Texas that here in 1815 was published a newspaper. At various times from that day until a quarter of a century later was published the Texas and Brazos Farmer, the National Register, and the Lone Star and Southern Watchman. There was no printing press in Washington in 1836 so that the Declaration of Independence and the first constitution after being written was taken to San Felipe de Austin, the center of Stephen F. Austin's first colony located further down the Brazos, and there printed in handbill form. The first copy of the declaration to come off the press is now in possession of Miss Nina Stewart of Navasota, granddaughter of the signer of the famous instrument of pronouncement.

In this awsome setting they discussed the plans that the committee now has tentatively accepted of building gravel drives, a meeting pavilion and places for temporary abode by visitors. Also their plan of erecting a flag pole at the center of the grounds and most important of all reproducing the old house which was the first capitol of the state, and b-

the fringed and lacy rows of dense willows on the opposite bank. The ground is unsurpassed in natural beauty tained at the Washington homestead. Majestic and rich fruiting pecans, and noble, sighing cottonwoods dot the grassy slopes.

### THE NAME OF TEXAS

There is a charm, a mystery, a romance, a thrill in the name "Texas," that comes with the pronunciation of no other state's name in all the category of the Union.

We should capitalize these things so that they may be translated into terms of increased business, increased population, greater development. In our publicity we should tell of our history, of the six flags that have flown over Texas soil, of the missions, the frontier forts, the Indian battles, the outposts of civilization. These things interest people and interested people listen.—Fort Worth Record.

But how, pray tell us, can we tell the world of our glorious history unless we know that history? And how are we to know it unless it be taught to us? And how in the name of high heaven can it be taught to the children of Texas in four months? Think of it!

A history so great, a history so rich in brilliant example of heroism, so fraught with messages of patriotism! How we ask, can the people of Texas know these things when our public schools give only a four months' course in it, and then in the sixth grade, when the minds of the pupils are not mature enough to grasp and retain the import of it? Our high school graduates know more of the history of ancient Greece, more of the history of the dark ages, than they do of the history of their own state. They know more of Joan of Arc than that do of Mrs. Long, the Mother of Texas. They know more of the heroes of Thermopylae than they do of the heroes of the Alamo, Goliad or San Jacinto.

The attitude of the public schools towards Texas history is a disgrace to the memory of the pioneers who, in their wisdom and foresight, made possible our present public school system.—Mineral Wells Index.

### ELIMINATE MOSQUITOES

We are sure everyone in this locality has noticed the mosquitoes—has felt them too, especially on these still nights. There was recently found at Houston a case of yellow-fever. No other cases have as yet developed, or if so the information is being withheld to avoid a scare. But the mosquito is the carrier of yellow-fever and the elimination of the mosquito is the first method of prevention of yellow-fever. All local breeding places should be carefully watched during these days preceding the coming of winter and oil spread on the water to prevent breeding. Some local citizens are complaining that the mosquitoes are so bad as to make it difficult to get to sleep at night. Something should be done in the matter. Perhaps something is being done, but it is evidently not enough.

"He lived well, laughed often and loved much; he gained the respect of intelligent men and the love of little children; he filled his niche and accomplished his task." What more concise description could you find of a successful life?

### HOWELL'S PROTECTIVE SPRINKLER SYSTEM SAVES A FIRE LOSS

Fire alarm from the automatic sprinkler system that protects Howell & Co.'s stock of groceries, went off at 3 o'clock this morning in the rear of warehouse No. 1, on the corner building. Fire damage was about \$100, water damage about \$2,000. Both losses were covered by insurance. This sprinkler system runs in pipes of different sizes on the ceiling, according to distance from the front water main on Main Street. Each line of pipe has a sprinkler head every ten feet that will wet a space 20 feet square when the temperature rises to 155 degrees under it. The alarm is situated on the outside of warehouse No. 2 and also rings in the fire station at the same time. This protection reduces their insurance rate from \$1.70 to 68 cents per hundred. System costs complete in all three warehouses, including second and third floors, about \$4,000.

The fire department answered the fire had been extinguished by the sprinkler system by the time they arrived. After the door was opened to permit of the firemen to get in, there was all vestige of the fire except for the goods and water. Neither the building were burned, nor any goods were damaged.

### BEGIN WORK OVER EXTENSION

Work is now under way to the City of Bryan, on the extension of the City is to be 2 1/2 blocks long, extending from the rear of Block No. 120, E. F. Parks and Sebata's. It is a length of about 275

feet of sewer. The work is being finished up a short way, the rear of Block No. 120, E. F. Parks and Sebata's.

The City has completed the laying of water line down College avenue, pipe from 2 1/2 inches to 1 1/4 inches in size, and are contemplating the location of two fire hydrants, the first near the concrete bridge and the second near the residence of Tom Suber. People who want water and have not made arrangements, have not made a deposit with the city clerk, should come to the city hall and the city will be glad to take care of them in the next few days.

"My platform has only one plank and that is the Governor's oath of office to support the constitution and impartially enforce all the laws.

"I will be the friend of every man and woman, boy or girl, who loves the State of Texas supremely.

"With no enemies to punish—with friends in all parties and factions—I want to be the instrument in God's hands to bring our distracted State back into the path of peace without which there can be no real progress in Texas.

"Within my authority I will re-appoint all honest and competent public servants now on the payroll of the State regardless of how they may vote in this election. Other things being equal, I will always give preference to the ex-service men and women of Texas."

Does any true Democrat think that a return to power of Fergusonism—a vindication of his record—can help the real democratic party in the eyes of the world?

Contrast the opposition of Wilson by Ferguson with the war record of George Butte.

For six years Ferguson has done everything within his power to destroy the Democratic party. He is not a Democrat and branding him as such can raise no obligation for any true Democrat to support him. He is an enemy of education, of prohibition, of woman suffrage and of the Democratic party.

## WACO BEATS "LITTLE AGGIES" 29 TO 7

### BANANAS PRODUCED IN BRYAN ON TREE AT CENTRAL TEXAS

The Bryan High School football team returns to Bryan with another defeat hung on to it, but this time a most glorious game, the greatest interscholastic battle seen on the gridiron since 1922", according to Jim Tucker puts it. Lack of stamina and endurance is the reason said by many who saw the game. "After losing 10 to 7 to the Aggies, we won up to the beginning of the final quarter 7 to 6 and then losing the game 29 to 7. They gave everything they had in the second half and third quarters," said Business Manager Forrest Jones, "and could not hold up in airtight defense in the final round."

Konecny Stars Again. Jim Tucker, snorts writer on the Waco News-Tribune says that the final result was a surprise to the members of both teams and to the spectators who had watched the closely-matched teams during the first part of the game. But the Tigers of Waco High, with undaunted energy and pep in the face of defeat, came back with renewed determination and won. Such spirit is usually wins. Tucker gives credit to Konecny, Bryan end, characterizing him as "brilliant" and commands the playing of guard Williams and others.

The following summary of the game is from the News-Tribune: First Downs: Waco 9; Bryan 1. Total distance of 38 yards. Punting: Waco 12 times averaging 29 yards. Passes: Waco 14 passes, being completed for a total gain of 10 yards, one was intercepted by Punting of Bryan and the other one was successful. Bryan passed six times being intercepted by Ish and one by Groves of Waco, and three were grounded.

Field goals: Ish for Waco placed one, and missed one.

#### UT EXECUTIVE HOD IS BACK FROM NAVASOTA—OFF FOR MADDISONVILLE

John H. Hood, court executive for his district came in last night from Navasota, where he has been for the past week getting in touch with the administration there and making arrangements for future work. Court work on the books, he said. The circuits are already organized and one is to be organized in the near future sponsored by the Methodist church. He will be back in Bryan and leave tomorrow for Madisonville. He said he intended to get information on the situation in Madisonville, but he intended to get in touch there and get into interest to ward the development of new troops in addition to the ones already formed. He will return to Bryan the last of next week.

He was a breeder of pure-bred Shorthorn cattle, his ranch being located nine miles southeast of Decatur. Mrs. Short left Decatur Sunday on his work and will return to Bryan at a later date.

### T. W. BEARD OF EDGE WON FIVE DOLLARS IN MATCH GUESS CONTEST

There has been on display at each of the community fairs of the country, Tabor, Edge, Steele's Store and Kurten, a jar containing an unknown number of matches, the jar being placed in contest by the Geo. A. Adams Insurance Agency and guessers allowed each one who cared to guess. There were 317 guesses made, ranging in estimate from 400 to 10,000,000. The correct number was 1,962. The nearest guess was 1,968 by T. W. Beard of Edge who won the five-dollar prize offered. The second best guess, for which there was no prize, was made by Joe Ferrera of Steele's Store.

Mr. and Mrs. Short and daughters, Violette and Marjorie, returned this morning from Decatur, Wise County, Texas, where they were summoned by the death of Mr. Short's mother, Mrs. Geo. W. Short, on Friday evening. Mr. Short, agronomist at A. M. College, left Thursday for his mother's bedside, and was present, together with other broth-

ers, in a light visit here.

## MISSIONARY GROUPS MET ON MONDAY AT HOMES OF MEMBERS

The Woman's Missionary Society of the Methodist church met in groups on Monday afternoon, the following reports of these group meetings having been given to the Eagle.

### Group No. 1 Meeting.

Nine members answered the roll call at the regular meeting of Group No. 1, Monday afternoon, with Mrs. R. M. Dansby as hostess. The guests were cordially welcomed and entered in the pleasant sitting room where many pink roses added attraction. Mrs. H. N. Cochran, president of the Methodist Woman's Missionary Society, was present and the members assured her that they appreciated her visit. She opened the meeting with a scripture reading, which was followed with prayer by Mrs. W. F. Gibbs. The minutes of the previous meeting were read by the secretary, Mrs. Dona Carnes. The members reported 76 chapters read in the Bible and 17 visits made to the sick since the last meeting. Those present were: Mesdames W. B. Welch, W. F. Bradish, H. N. Cochran, W. F. Gibbs, E. J. Jenkins, M. A. Johnson, Dona Carnes, R. M. Dansby, and Miss Lilly Hall.

### Mrs. B. T. Poole Hostess.

Groups No. 2 and 3 held joint meetings with Mrs. B. T. Poole. Mrs. J. N. Goodwin led the Mission study lesson and was assisted by Mesdames S. E. Eberstadt, J. B. Priddy, W. H. Cole and T. A. Adams. A very profitable and pleasant hour was spent after which the hostess asked the ladies to remain for a social hour, during which a refreshment plate of Klondike cake and fruit-filled parfait was passed. Present from Group No. 2 were: Mesdames J. N. Goodwin, J. B. Priddy, W. H. Cole, Josie Lawrence, W. A. Deaton, H. H. Prager, Jim Darwin and T. A. Adams; and present from Group No. 3 were: Mesdames E. C. Harder, L. E. Bailey, C. R. Gardner, Albert Hanneman, A. H. Stone, B. T. Poole and S. E. Eberstadt. Visitors: Mrs. W. A. Midleton and Mrs. W. E. Bond.

### Group No. 4 Meeting.

Methodist Group No. 4 met on Monday afternoon at the home of Mrs. Hugo Lenz. The devotional was lead by Mrs. D. P. Gaby. The lesson on "Sky-Piloting in Japan" was lead by Mrs. R. J. Newland with other members assisting. After the business meeting there was a social hour at which time the hostess served punch and wafer. Those present were: Mesdames L. A. Koenig, R. J. Newland, D. P. Gaby, W. E. Neely, E. W. Crenshaw, Hugo Lenz and H. D. Cuykendall. The next week's meeting will be held at the home of Mrs. R. J. Newland.

### Group No. 5 Meeting.

Group No. 5 enjoyed a most delightful meeting with Miss Nelle Cole. Mrs. O. A. Ashworth opened the meeting with scripture reading of the first Psalm, and Mrs. John Seeley Caldwell led the prayer. Mrs. J. N. Dulaney assisted by Mesdames John Seeley Caldwell, J. L. Lush, DeWitt Graham and J. M. Williams led a most interesting mission study lesson on "The Upward Trail to Japan." During the business session 83 chapters were reported and read and 5 visits to strangers and sick. As a aftermath to this delightful program Miss Cole asked the ladies to remain for a social half hour and visit over the refreshments. The elevator or dumb waiter, was of primitive structure and consisted of a bucket and a rope. The bucket, a dime in the bottom, was lowered to the bar, where the dime was exchanged for beer and the bucket hauled to the thirsty ones upstairs.

Mr. Nelson was general manager of the Eagle Printing Company for seven months in 1916-17 at the time A. J. Buchanan was managing editor. He left here to go to work for the W. B. Conkey & Company of New York and Chicago, for which concern he was Southern representative. Mr. Nelson had come to Bryan from Dallas, his home then and his home now, where he is publicity man for the Fort Worth and Denver City Railway.

Both these gentlemen, former residents of prominence in Bryan in years past, were greeted on the streets by old friends and their visit in Bryan made pleasant during their brief stay.

## MARGARET STEPHENS OWNER NEW OIL WELL NEAR VERNON, TEXAS

Miss Margaret Stephens has returned from a visit to homesteads at Vernon. Miss Stephens is one of the owners of the South Vernon Oil Company's No. 1 Stephens, discovered well in the Vernon oil field, which became a sensational gusher last Tuesday. The following is a report on the well from the press: "When drilled into the Bridwell sand at 2,038 feet late Tuesday, it has since continued its unprecedent flow with no sign of abating. On account of shortage of storage capacity on the lease an accurate gauge on the production has been impossible. Much of the time the oil has been flowing into hastily constructed earthen tanks.

Late Thursday a 1,600-barrel tank was completed on the lease and the flow was turned through one two-inch pipe into the tank, within five hours, 800 barrels of oil had flowed into the tank. Much of the time the oil has been flowing through two two-inch pipes. Experienced operators declare the well is good for at least 3,500 barrels per day. No further drilling has been done since the bit was sent two feet into the sand and the well began spouting oil over the derrick."

## A DAY WITH THE G-REAT O-UT D-OORS

One impulse from a vernal wood  
May teach you more of man,  
Of moral evil and of good  
Than all the sages can.

—Wordsworth

Just now when the great out-of-doors is beginning to be a riot of gorgeous coloring—a symphony in deep, rich red, tints of brown and coppered gold, it is worth while to take the time off and spend a while in God's open country. There is a tang in the October air that exalts and invigorates and imbues one with the desire for a tramp up the hills and down the dales, where one can rest their eyes on things beautiful, naturally beautiful. Who does not respond to this most triumphant mood of Nature?

Where the Cavitt Ranch opens up on a wide sweep of the country some ten miles from North Zulch, nine miles from Wheeldon and twenty-four miles from Bryan, there is a hospitable ranch home with modern conveniences presided over by Mr. and Mrs. L. F. Mangis, with their two small children, Ethel and Ludin. Dona Carnes, R. M. Dansby, and Miss Lilly Hall.

## TWO FORMER EDITORS ON BRYAN EAGLE ARE ON VISIT IN BRYAN

Sterling Hart, editor of the Commerce Journal, at Commerce, Texas, and D. E. Nelson, travelling passenger agent for the Fort Worth and Denver City Railway Company and the Wichita Valley Railway Company, were both in the city yesterday and Mr. Hart remained over until this morning. Both these men were prominently connected with the daily paper in Bryan, Mr. Hart in the days of 25 years ago, and Mr. Nelson in 1916-17. Mr. Hart arrived in Bryan on the noon train Monday for a visit with his mother-in-law, Mrs. W. W. Walker, and other relatives and friends. He expected to leave for Dallas today where he will be joined by his wife and both will visit the fair before returning home tomorrow. Mr. Nelson was here on official business in connection with his railroad position, and also to re-new old acquaintances.

### An Interesting Incident.

Mr. Hart used to work for the Bryan Daily Pilot between 25 and 30 years ago when the business was located in the upstairs of the First National Bank location. A saloon was on the lower floor. A. J. Buchanan was editor, and the paper was owned by three men, W. P. Connelly, who is now superintendent of the Bon Eoeck-Jones Printing Company at Austin; Malcom Carnes and Mr. Palmer, the latter operating the paper with scripture reading of the first Psalm, and Mrs. John Seeley Caldwell led the prayer. Mrs. J. N. Dulaney assisted by Mesdames John Seeley Caldwell, J. L. Lush, DeWitt Graham and J. M. Williams led a most interesting mission study lesson on "The Upward Trail to Japan." During the business session 83 chapters were reported and read and 5 visits to strangers and sick. Circle No. 4 of the First Baptist Auxiliary met Monday afternoon at the home of Mrs. N. A. Stewart, with thirteen ladies present. Mrs. R. R. Ellis is chairman, and presided. Those present were: Mesdames Ellis, W. P. Roberts, A. S. Ware, R. W. Persons, W. C. Ruchti, Robinson, W. S. Johnson, M. B. Smith, J. A. Myers, McDowell Simpson, Jr., N. A. Stewart, Mollie Hood, and Miss Nannie Bertram.

With Mrs. Buchanan.

Circle No. 3, Mrs. Albert Buchanan, chairman, met at the home of Mrs. Jno. A. Held on West 26th St., with twelve members present, as follows: Mesdames G. M. Brandon, E. H. Baine, E. J. Fountain, W. S. Higgs, A. J. Buchanan, J. A. Held, W. S. Howell, J. P. Black, Lily Steffey, J. D. Ashcraft, G. V. Forrester, J. E. Brown.

Club Notes and Farm News by County Agent C. I. Beason

### Statistics On Texas Turkeys.

H. H. Schultz, statistician, United States Department of Agriculture, of Houston, advises that the "Turkey situation this year indicates that only 74 per cent of last year's crop is expected. Many growers were discouraged after the experience of last season when the price fell so low and many reduced their flocks as a consequence. It is estimated that 56 per cent of the turkeys were hatched later than usual this year, 26 per cent earlier, and 18 per cent no earlier or later."

### McDermid On Agriculture.

Jeff McDermid, editor of Better Crops, says "Agriculture should be put on a business basis, (a) by raising high yield at low cost, (b) by a sound diversification of crops providing several sources of revenue, (c) by maintaining soil fertility, (d) by using pure-bred seed and a sound rotation, (e) by using pure-bred sires, (f) by keeping cost account records, (g) by raising quality products, (h) by studying consumers' demands and seeking to meet them." The farmer is entitled to a large share of the consumers' dollar and to that end should work for (a) improved marketing conditions, (b) lower and more equitable taxes (c) improved transportation facilities, (d) enlarged markets and more consumers. 3. Living and working conditions on the farm should be improved (a) by introducing more comforts and conveniences in the farm home, (b) by better rural education and enlarging boys' and girls' club work, (c) by developing local leadership, (d) by formulating and working out local programs."

### Tribute To Two Farmers.

In the late death of Major W. R. Cavitt and Hon. R. M. Nall, the advocates of a better agriculture lost two staunch friends. Major Cavitt always had a kind word for the many things being done in the interest of progress throughout the county and State. Mr. Nall, than whom there was no better farmer, never forgot to pass the secret of success of his farming and truck operations on to others who might be profited thereby. Theirs were two lives filled with the spirit of good will for all those agencies that have for their purpose to make better the pathway of mankind. Boys and girls, let us emulate those splendid example of these, our departed friends, that our lives may be the more helpful."

### Dallas Fair Endowment.

The eulogy passed on the present president, and all the past presidents, of the State Fair Association, at the Dallas Rotary luncheon on Wednesday, October 15, was a deserved tribute to these men who have directed the destiny of the fair to its present wonderful greatness—wonderful in magnitude and great in its influence on the progress of this empire state.

John Nevin, advance agent for Hagenbeck-Wallace Circus, which will show in Bryan on November 7, was shown over the city on Monday by Secretary Eberstadt, the latter reported to the Board of Directors of the Bryan and Brazos Chamber of Commerce, assembled this morning in regular Tuesday session, that he had received a letter from T. A. Hamilton, president of the L-G. N. Railroad to the effect that the writer expected to visit Bryan in the near future. The matter of his visit was then turned over to the entertainment committee.

### Lower Flags at Sunset.

It was reported that the Parent Teachers' Association, through its president, Mrs. M. B. Bentley, had sold flags in the business section to the number of more than 70, which will be used in decorating the business houses on that day. J. Bryan Miller called attention to the regulation providing that flags should be taken down at sunset, it being considered unpatriotic to let them fly after darkness had fallen.

J. D. Martin, chairman of the cultural committee, reported that after a conference with the finance committee, it had been decided that for the present but two Martin ditches would be purchased for terracing use in Brazos county. These ditches would be turned over in charge of County Agent C. L. Beason who would keep a report on the people who used them and the amount of terracing for which they were used.

Those present at the meeting this morning were: Wilson Bradley, W. H. Cole, J. N. Dulaney, E. J. Fountain, Judge H. O. Ferguson, Mayor Tyler Haswell, J. M. Gordon, President J. M. Lawrence, T. K. Lawrence, J. Bryan Miller, J. D. Martin, Dr. J. O. Morgan, Major L. L. McInnis, M. L. Parker, and Mrs. Lee J. Rountree.

### DEATH OF MR. MARTINE

Friday morning Rev. J. T. Gleissner was called to Elliott to conduct the funeral service for Peter Martine, who died Thursday evening after a short illness. Deceased was 63 years old, and made his home near Elliott for the past twenty years. A large number of friends and neighbors assisted at the burial.

## MISSIONARY GROUPS MET ON MONDAY AT HOMES OF MEMBERS

The Woman's Missionary Society of the Methodist church met in groups on Monday afternoon, the following reports of these group meetings having been given to the Eagle:

### Group No. 1 Meeting.

Nine members answered the roll call at the regular meeting of Group No. 1, Monday afternoon, with Mrs. R. M. Dansby as hostess. The guests were cordially welcomed and entered in the pleasant sitting room where many pink roses added attraction. Mrs. H. N. Cochran, president of the Methodist Woman's Missionary Society, was present and the members assured her that they appreciated her visit. She opened the meeting with a scripture reading which was followed with prayer by Mrs. W. F. Gibbs. The minutes of the previous meeting were read by the secretary, Mrs. Dona Carnes. The members reported 76 chapters read in the Bible and 17 visits made to the sick since the last meeting. Those present were: Mesdames W. B. Welch, W. F. Bradshaw, H. N. Cochran, W. F. Gibbs, E. J. Jenkins, M. A. Johnson, Dona Carnes, R. M. Dansby, and Miss Lilly Hall.

### Mrs. B. T. Poole Hostess.

Groups No. 2 and 3 held a joint meeting with Mrs. B. T. Poole. Mrs. J. N. Goodwin led the Mission study lesson and was assisted by Mesdames S. E. Eberstadt, J. B. Priddy, W. H. Cole and T. A. Adams. A very profitable and pleasant hour was spent, after which the hostess asked the ladies to remain for a social hour, during which a refreshment plate of Klondike cake and fruit-filled parfait was passed. Present from Group No. 2 were: Mesdames J. N. Goodwin, J. B. Priddy, W. H. Cole, Josie Lawrence, W. A. Deaton, H. H. Frazer, Jim Darwin and T. A. Adams; and present from Group No. 3 were: Mesdames E. C. Harder, L. E. Bailey, C. R. Gardner, Albert Hanneman, A. H. Stone, B. T. Poole and S. E. Eberstadt. Visitors: Mrs. W. A. Midleton and Mrs. W. E. Bond.

### Group No. 4 Meeting.

Methodist Group No. 4 met on Monday afternoon at the home of Mrs. Hugo Lenz. The devotional was lead by Mrs. D. P. Gaby. The lesson on "Sky-Piloting in Japan" was lead by Mrs. R. J. Newland with other members assisting. After the business meeting there was a social hour at which time the hostess served punch and wafers. Those present were: Mesdames L. A. Koenig, R. J. Newland, D. P. Gaby, W. E. Neesley, E. W. Crenshaw, Hugo Lenz and H. D. Cuykendall. The next week's meeting will be held at the home of Mrs. R. J. Newland.

### Group No. 5 Meeting.

Group No. 5 enjoyed a most delightful meeting with Miss Nelle Cole. Mrs. O. A. Ashworth opened the meeting with scripture reading of the first Psalm, and Mrs. John Seeley Caldwell led the prayer. Mrs. J. N. Dulaney assisted by Mesdames John Seeley Caldwell, J. L. Lush, DeWitt Graham and J. M. Williams led a most interesting mission study lesson on "The Upward Trail to Japan." During the business session 83 chapters were reported and read and 5 visits to strangers and sick. After the meeting to this delightful program Miss Cole asked the ladies to remain for a social half hour and visit over the refreshment plate. Ice cream and cake was passed. Present were: Mesdames H. R. Brayton, J. N. Dulaney, W. K. Gibbs, O. A. Ashworth, John Seeley Caldwell, J. L. Lush, Jim James, A. D. Graham, J. B. Christian, J. M. Williams, Miss Nelle Cole.

### REV. L. GUY AMENT IS RETURNED AS PASTOR FOR CHRISTIANS INDEFINITELY

The esteem in which Rev. L. Guy Ament is held by the congregation of the First Christian church was shown Thursday night when the official board met and extended to him an "indefinite" call as pastor. This means that the Christian church will not change pastors with each passing year, but that Rev. Ament, whose merit has been proven, will be retained for a longer period of time.

### THREE FIRE ALARMS BUT NO MATERIAL DAMAGES

The fire alarm sounded just before 3 o'clock Sunday afternoon and the trucks answered a call to the residence of Sam Cavitt where an out-building had caught fire from an unknown cause. The firemen used the garden hose and extinguished the blaze after only the door had been damaged.

An alarm Saturday afternoon from the Howell Grocery Company building was a false alarm, according to information from the Fire Station.

Friday afternoon a coal-oil stove blazing up in the home of Mrs. B. F. Clark caused the alarm to sound but no damage resulted.

### COLLEGE MISSIONARY SOCIETY MET MONDAY

The Woman's Missionary Society of the College M. E. Church met at the Tabernacle Monday afternoon. After devotional exercises and a brief business session a lesson from the "Missionary Voice" was given by Mrs. G. F. Ashworth. Members present were: Mesdames King Vivion, J. R. McKee, Jennie Yates, A. G. Schatzenberg, E. E. Fain, G. F. Ashford, D. F. Harrison and G. P. Grout.

### SICKLY, PEEVISH CHILDREN

Children suffering from intestinal worms are cross, restless and unhealthy. There are other symptoms, however. If the child is pale, has dark rings under the eyes, bad breath and takes no interest in play, it is almost a certainty that worms are eating away its vitality. The surest remedy for worms is White's Cream Vermifuge. It is positive destruction to the worms but harmless to the child. Price 35c. Sold by

## A DAY WITH THE GREAT OUT-DOORS

One impulse from a vernal wood  
May teach you more of man,  
Of moral evil and of good  
Than all the sages can.

—Wordsworth.

Just now when the great out-doors is beginning to be a riot of gorgeous coloring — a symphony in deep, rich red, tints of brown and coppered gold, it is worth-while to take the time off and spend a while in God's open country. There is a tang in the October air that exalts and invigorates and imbues one with the desires for a tramp up the hills and down the dales, where one can rest their eyes on things beautiful, naturally beautiful. Who does not respond to this most triumphant mood of Nature?

Where the Cavitt Ranch opens up on a wide sweep of the country some ten miles from North Zulch, nine miles from Wheeler and twenty-four miles from Bryan, there is a hospitable ranch home with modern conveniences presided over by Mr. and Mrs. L. F. Mangis, with their two small children, Ethel and Ludin.

### TWO FORMER EDITORS ON BRYAN EAGLE ARE ON VISIT IN BRYAN

Here at this time of the year is a beauty spot, perhaps unsurpassed by any in this vicinity. The wooded canyon seen from the upper table presents in its autumnal garb a glory of color, beneath the spreading boughs of the massive oak trees.

To this spot there came one day two jaded office toilers from Bryan seeking a breath of freshness, balm of beauty and peaceful recreation, in the October sunshine. "Isn't it wonderful?" each proclaimed as they strolled along its stony edge with the wooded bowl formed by the sweeping curves of the canyon. Surely every hue known to Nature had helped to form the glory of this loveliness. Far down in the bottom of the canyon a stream of clear, crystal, spring water trickled over pebbles, singing its way onward toward the Gulf. Here the shades were of the most part those soft, misty mauves with here and there a yellow leafed sycamore in sharp contrast. Around the walls on either side were wood and sword ferns in deep sea greens, drooping next to brilliant scarlets and browns. Along the upper ledge

clusters of youpon, red haw and red berries blazed against jutting crags of pale yellow stone. And below the crag the wild grape vine covering dead oaks made a dab of inviting hues.

Near where the gazers sat, a scraggly oak thrust itself out of a cleft in the rock, jutting over space a little and seemed to snarl at any intrusion. This same cleft nurtured buckeye bushes, long slender banners of wild grass, goldenrod, and shoots of sweet briar with crimson stems, edged in a mass of sage-brown grass.

As the sun sank in the western horizon and lowered toward the brim of the canyon, new lights and new shadows were thrown over the vast, glowing tree tops. The clorings shifted as the awed spectators sat over come with the beauty and vast mystery of it all.

A look at the watch bespoke the hour for return. Three hours had we tramped and gazed into the beauties of Nature and made to know that we loved life and its Giver and that every part of it was good if we would only seek out that good.

### CHAMBER COMMERCE WILL PURCHASE TWO MARTIN DITCHERS

Under date of Thursday, October 16, addressed to Mrs. Lee J. Rountree, and signed by Britton Henderson, son of Mr. and Mrs. Will Henderson, of Kurten, postmarked from Dallas, comes the following message to the one who purchased the ticket for the Henderson lad to go to the fair: "Well, Mrs. Rountree, I am having a wonderful time. The fair is a wonder to me. We went to the fire works last night. We had the judging yesterday. I entered the poultry judging. It was the first time I ever tried to judge, but I got 16th place out of 40 judging, and learned some new points."

### ELECTRICALLY LIGHTED TURN-POSTS OR BLOCKS AT STREET INTERSECTIONS

An innovation for Bryan has been introduced by City Manager J. Bryan Miller in electrically-lighted turning-blocks in the center of the intersections on Bryan Main Street. They were lighted on last evening for the first time. The work of installing this system was done by and under the direction of L. E. Warren, city electrician. They make a very pretty appearance as one drives down the street and are not only ornamental but serve a distinct purpose in the regulating of traffic at night.

**An Interesting Incident.**  
Mr. Hart used to work for the Bryan Daily Pilot between 25 and 30 years ago when the business was located in the upstairs of the First National Bank location. A saloon was on the lower floor. A. J. Buchanan was editor, and the paper was owned by three men, W. P. Connelly, who is now superintendent of the von Boeckman Jones Printing Company at Austin; Malcolm Carnes and Mr. Palmer, the latter operating the other newspaper owned by them, the one at Madisonville.

An interesting incident in connection with the editing of the paper in its up-stairs location was told by Mr. Hart. This was in the day when there were open saloons. "We had cut a hole in the floor of the printing shop and used an elevator to bring up 'refreshments.' The elevator or dumb waiter, was of primitive structure and consisted of a bucket and a rope. The bucket, a dime in the bottom, was lowered to the bar, where the dime was exchanged for beer and the bucket hauled to the thirsty ones upstairs."

Mr. Nelson was general manager of the Eagle Printing Company for seven months in 1916-17 at the time A. J. Buchanan was managing editor. He left here to go to work for the W. B. Conkey & Company of New York and Chicago, for which concern he was Southern representative. Mr. Nelson had come to Bryan from Dallas, his home then and his home now, where he is publicity man for the Fort Worth and Denver City Railway.

Both these gentlemen, former residents of prominence in Bryan in years past, were greeted on the streets by old friends and their visit in Bryan made pleasant during their brief stay.

## BRAZOS COUNTY BOYS AND GIRLS CLUB DEPARTMENT

Club Notes and Farm News by County Agent C. I. Beason

### Statistics On Texas Turkeys.

H. H. Schultz, statistician, United States Department of Agriculture, of Houston, advises that the "Turkey situation this year indicates that only 74 per cent of last year's crop is expected. Many growers were discouraged after the experience of last year when the price fell so low and many reduced their flocks as a consequence. It is estimated that 56 per cent of the turkeys were hatched later than usual this year, 26 per cent earlier, and 18 per cent no earlier or later."

### Turkey Marketing Meeting.

A meeting of the turkey raisers of Brazos county has been called for Saturday, October 25, 2 p. m., at the Chamber of Commerce rooms to discuss the problems of marketing. W. B. Lanham, marketing specialist for the Extension Service of A. and M. College, will be present to speak to those interested.

### Tribute To Two Farmers.

In the late death of Major W. R. Cavitt and Hon. R. M. Nall, the advocates of a better agriculture lost two staunch friends. Major Cavitt always had a kind word for the many things being done in the interest of progress throughout the county and State. Mr. Nall, than whom there was no better farmer, never forgot to pass the secret of success of his farming and truck operations on to others who might be profited thereby. Theirs were two lives filled with the spirit of good will for all those agencies that have for their purpose to make better the pathway of mankind. Boys and girls, let us emulate those splendid examples of these our departed friends, that our lives may be the more helpful.

### Dallas Fair Encampment.

The eulogy passed on the present president, and all the past presidents, of the State Fair Association, at the Dallas Rotary luncheon on Wednesday, October 15, was a deserved tribute to these men who have directed the destiny of the fair to its present wonderful greatness—wonderful in magnitude and great in its influence on the progress of this empire state. It has taken men of vision, and men of courage to see that their visions come true, to build and maintain such a wonderful institution, the pride of every true Texan. Perhaps no other single factor of this state is so far-reaching in its influence on the future progress of this country as the boys' and girls' educational encampment fostered by the fair association at an expense of thousands of dollars annually. It is here that the pick of hundreds of club boys and girls meet each year as guests of the Fair Association, not only to study the results of better methods of farming and livestock raising, but also to get a vision of the progress of the age and return home to the farm determined to follow the "vision" till it shall lead them to a better agriculture and a happier and more contented home life. In writing of the fair well did one club boy express it when he said, "It is a dream."

## HARVEY HAPPENINGS

(Special to Bryan Daily Eagle)  
HARVEY, Oct. 23.—Howard C. Davidson, major in the air service now stationed in London, England, as assistant military attaché, paid his parents, Dr. and Mrs. J. C. Davidson, a flying visit this week, returning Saturday. He was granted a month's vacation to be present at the air races held in Dayton, Ohio, on October 1, 2 and 3. Leaving his wife and two-year-old son in Dayton, among her kinsmen and old friends for Dayton is her native home, he caught a ride as far as San Antonio by airplane. There he took the train for Austin, where he visited his sister at Texas University, and other relatives in the city, reaching his father's home in Harvey at 5 p.m. Sunday. Tuesday morning he motored to Wharton, taking his parents with him in a Ford Sedan which he had presented to them the previous evening. Major Howard Davidson was born in Wharton and partly educated there, so he was warmly welcomed by the many friends of his boyhood days, for they feel like they have a claim on him yet and had not seen him since his visit home just after he had graduated at West Point in 1913. The visit was a joyful occasion to the three as Dr. Davidson and family had lived in Wharton 26 years. They reached Bryan on Friday night at 8:30, after a few delays, one caused by being misdirected, which carried them ten or twelve miles out of their way. The worst experience was when they reached the Navasota bridge, which is so narrow you can not pass any one except at one end, where they have made an elbow for such emergencies, and such a rise in the center of the bridge that you cannot see across it. They had gotten about 1-3 of the way over when they noticed that a car preceding them seemed to pass something with difficulty. Then it was they saw a wagon and took in the situation, and saw to their dismay the driver was approaching them. Though they called to him to wait he came slowly on, forcing them to back a long way down a decline, with a car behind, awaiting its opportunity to pass. The embankment was very narrow, with a bluff 15 feet or more on either side, but by slow and careful driving backwards, they at last placed the car in such position to the other than the negro could squeeze by the two—a good death trap, especially during mud weather. Major Davidson left Saturday morning and will join his family in Dayton. After a business trip to Washington, they will go to New York, and sail for England on the George Washington. He said there was more sunshine in the United States in two months than you would see in a year in London; yet it was very healthy there, and the children were noted for their rosy cheeks, though it rained a little almost every day during the winter and spring, and about once or twice each month during October, November and December the fog becomes so dense you can't see the street signs above you, and that it costs the city half a million a day to light it when those worst fogs occur.

## T. S. HILL OF MILLICAN GIVES UP FOR THE KILLING OF HIS NEGRO TENANT

Will Jones, negro, aged about 50 years, tenant on the A. S. Hill farm three miles from Milligan was killed Wednesday afternoon about 4:30 o'clock. Mr. Hill came to the office of County Attorney Oak McKenzie, immediately afterward and surrendered, giving the following information in regard to the killing which he alleges to be the facts in the case. There were no witnesses, he said. The killing occurred at the home of Mr. Hill. The negro, according to Hill, came to the house and stated that he was planning to leave his tenancy on the Hill farm and to remove elsewhere. A dispute is said to have arisen over alleged balances due the negro and the killing resulted. Hill who is about 60 years of age, has been released on \$500 bond and his preliminary trial set for Monday morning at 10 o'clock before Justice of the Peace J. W. Hamilton.

A larger appropriation has been asked of the Legislature for next year and contracts have already been let for part of the work projected here. It is also planned to have a general convocation of Texas people on the site sometime next year and organize permanently a Washington Parks Association with officers, and advisory council representing every county in Texas, and an ex-officio body of the Texas officials to arouse the general and active interest needed to have the place recognized by Texans as a hallowed spot of sacred and holy tradition and history.

## JUDGE DAVIS MAKES PRINCIPAL ADDRESS AT EVENING PROGRAM

(Special to Bryan Daily Eagle)

COLLEGE STATION, Oct. 18.—

Many requests for tickets to the Thanksgiving game are being received by James Sullivan, business manager of athletics. All of these are being returned with the request that they be filed on November 1, the opening day of the sale. No applications will be received before November 1 except from former students who are active members of the former Students' Association.

Explaining the sale, Mr. Sullivan said, "On November 1, applications will be received from every one desiring tickets. These applications will be received through the mail only. There will be no box seats in the stadium. All seats will be \$2.50 each. In sending checks of tickets, twelve cents should be included to cover postage and registry fee; otherwise the tickets will be mailed at the owner's risk.

### Coupon-Book Holders.

"Bryan and College coupon book holders have a special section set aside for their use. While the coupon

book does not entitle you to a ticket, it does entitle you to the right to purchase two tickets for each coupon book in the preferred section. Coupon book holders in ordering tickets for the Thanksgiving game will make application November 1 through the mail, giving the serial number of each coupon book they hold. If you have two coupon books list them as follows: 'I hold coupon books Nos. 2214 and 2215.' If you will enclose your check for \$10.12 it will entitle you to secure four tickets in the coupon book section, which is in the fifty-yard line, and then sent to your address by registered mail.

"No tickets will be mailed until November 1. A. M. has approximately 13,000 reserved seats to their share and will be provided with tickets and every seat in the huge stadium is an excellent one, so there will be no difficulty in securing tickets for this contest, but of course, those applying on November 1 will have the preference over those applying at a later date."

## CITY COMMISSION WON'T CONSIDER SELLING BRYAN'S MUNICIPAL PLANT

Unable to See Where Bryan Would Profit by Selling Plant, Systems and Business to Anyone Would Like to See Central Transmission Plant Located in Bryan and Ready To Go Into Matter.

"The City Commission of the City of Bryan is interested in the proposal to locate a Central Station in Bryan and would be pleased to go into the matter of locating said Central Station at a convenient date. But they cannot see anything to be gained by the City of Bryan in surrendering their power plant, distribution systems and business. Consequently I am authorized to inform you that your proposal to purchase the public utilities of the City of Bryan has been declined." The foregoing is the text of a letter by City Manager J. Bryan Miller to Paul Freeman, division superintendent of the Western Public Service Company at Navasota, regarding the recent proposal to purchase the municipal plant. The action in the matter was taken at a regular meeting of the city commission, after a thorough discussion from both the city's and the company's viewpoint. The following commissioners were present: Mayor Tyler Haswell, H. A. Burger, Wilson Bradley, E. J. Jenkins and Major L. L. McInnis.

Then, enlarging his scale of vision, the Judge spoke of the wonderful age in which we are living, pointing to the postal system of our own government and which now reaches the nethermost points of the civilized world when the letters that we pen here are sent for only a few cents to our friends and business acquaintances in distant states and faraway lands. He mentioned the radio, a demonstration of which had preceded his address, as having revolutionized the world in its ability to send word of happenings and the finest music and speeches, into every home that had installed what is now an almost essential piece of furniture.

Newspapers Eulogized.

Judge Davis eulogized the newspapers of the world and the great work they are doing in bringing modern history into the homes and the lives of the people and paid a special tribute to our home county newspaper, The Bryan Eagle, which he characterized as one of the finest little papers in the State, in his opinion.

He closed his address by congratulating the Kurten community on their splendid progress, their vision of the worth-while and said that the past accomplishments were but an indicator to what Kurten would do in the future, expressing the belief that Kurten would in a short time become known not only in this section but throughout the broad expanse of the great State of Texas.

MISS ESSIE SHEALEY WON FIRST PRIZE IN HOME DRESS CONTEST

An award of \$2 and a potted plant was given to Miss Essie Shealey of Delane who won first place in the county for the best home dress made by some member of a Bryan home demonstration club. Competitors in the contest were: Reliance, Kurten, Steel's Store, Tabor and Edge. Second place went to Miss Lena Catena of Steel's Store. She won a prize of \$1. The decisions were made on Saturday afternoon at the office of Miss Laura Bellotin, who gave a demonstration agent of the club. ## KINGS HIGHWAY

(Special to Bryan Daily Eagle)  
KINGS HIGHWAY, Oct. 18.—On Friday night, October 10, the patrons of the Kings Highway school gave a box supper, preceded by a program by the pupils. Fifty-seven dollars was raised to be used to buy equipment for the playground. One box brought \$12.75.

The two teachers, H. E. Connor and Miss Ola Henry, are planning to have a community club organized at this school in the near future.

Almost everybody in this community attended the Edge fair on Wednesday of last week and many are beginning to wonder why we can't have an annual fair, too.

H. Black has nearly completed his store building, which he hopes to open in a short while, with a complete stock of general merchandise. This store will be very convenient for neighbors of the Kings Highway school, as it is situated at the cross roads of the Bryan, Wheeler, Nor- mance and Franklin roads, in the San Antonio road.

On Saturday, October 11, a delegation of members of the Edge B. Y. P. U. went to Kurten in a body and rendered a very interesting program before the Free Baptist Association in session at Kurten. Rev. J. J. Tatum remarked that the ministers had planned on applauding the young folks when they finished, but in team he asked that every head be bowed in reverent prayer of thanksgiving that we have such children carrying on such wonderful work, training for the future. This Edge B. Y. P. U. is composed of Baptists, Methodists and Free Will Baptists, the same as the Sunday school—not union, but cooperative.

On Sunday night, October 12, this same B. Y. P. U. went to Cottonwood church to visit their B. Y. P. U. There were fifteen car loads. Some in Cottonwood remarked that they expected the B. Y. P. U. but not all of Edge.

## EDGE BAPTIST CHURCH CELEBRATES ITS 34TH ANNIVERSARY SUNDAY

The Baptist church at Edge celebrated its 34th anniversary with an all-day meeting last Sunday. The services were opened with roll call of the ten charter members of the church, only one of whom, Mrs. Julia Moore, is living. This was followed by a roll call of the present membership, practically all of whom were invited guests. The invited guests began to arrive at an early hour Sunday morning, and long before the noon hour arrived about 30 people had assembled, each one eager to make the occasion a gala day for Mrs. Robinson. She received quite a number of nice presents and Mrs. Robinson in her usual pleasant manner made the donors feel that she accepted them with a heart full of gratitude for each one present.

### Big Basket Dinner.

At the noon hour a sumptuous meal was spread under the giant oaks the church yard, and not only the Baptists, who had prepared the meal, but all visitors as well enjoyed the spread.

The afternoon service was opened with a musical program, after which reports were made on various phases of the work of the church, including B. Y. P. U. and Sunday school, both organizations reported as thriving. The B. Y. P. U. was organized by Rev. Pipkin last year, and has grown to such an extent that the membership was divided into junior and senior unions. Mrs. Vernon Wilson is the efficient junior teacher and C. F. Mangus president of the wide-awake senior organization.

### Church Letter Was Read.

The Sunday school makes a speciality of encouraging members to read the Bibles daily, and the number of chapters reported each Sunday is amazingly large.

All church officers were elected

by the church Sunday afternoon for the incoming year. The church letter to the Brazos Association was read and adopted. This letter reported a remarkable growth in all income of over \$800, and 21 new members received. The church building has been cleaned and repainted and a new piano purchased during the last twelve months

## HARVEY HAPPENINGS

## WASHINGTON PARK IS A TEXAS SHRINE

(Continued from page 1)

*(Special to Bryan Daily Eagle)*  
HARVEY, Oct. 23.—Howard C. Davidson, major in the air service now stationed in London, England, as assistant military attaché, paid his parents, Dr. and Mrs. J. C. Davidson, a flying visit this week, returning Saturday. He was granted a month's vacation to be present at the air races held in Dayton, Ohio, on October 1, 2 and 3. Leaving his wife and two year-old son in Dayton, among her kinsmen and old friends for Dayton is her native home, he caught a ride as far as San Antonio by airplane. There he took the train for Austin, where he visited his sister at Texas University, and other relatives in the city, reaching his father's home in Harvey at 5 p.m. Sunday. Tuesday morning he motored to Wharton, taking his parents with him in a Ford Sedan which he had presented to them the previous evening. Major Howard Davidson was born in Wharton and partly educated there, so he was warmly welcomed by the many friends of his boyhood days, for they feel like they have a claim on him yet and had not seen him since his visit home just after he had graduated at West Point in 1913. The visit was a joyful occasion to the three as Dr. Davidson and family had lived in Wharton 26 years. They reached Bryan on Friday night at 8:30, after a few delays, one caused by being misdirected, which carried them ten or twelve miles out of their way. The worst experience was when they reached the Navasota bridge, which is so narrow you can not pass any one except at one end, where they have made an elbow for such emergencies, and such a rise in the center of the bridge that you cannot see across it. They had gotten about 1-3 of the way over when they noticed that a car preceding them seemed to pass something with difficulty. Then it was they saw a wagon and took in the situation, and saw to their dismay the driver was approaching them. Though they called to him to wait he came slowly on, forcing them to back a long way down a decline, with a car behind, awaiting its opportunity to pass. The embankment was very narrow, with a bluff 15 feet or more on either side, but by slow and careful driving backwards, they at last placed the car in such position to the other than the negro could squeeze by the two—a good death trap, especially during muddy weather. Major Davidson left Saturday morning and will join his family in Dayton. After a business trip to Washington, they will go to New York, and sail for England on the George Washington. He said there was more sunshine in the United States in two months than you would see in a year in London; yet it was very healthy there, and the children were noted for their rosy cheeks, though it drizzled rain a little almost every day during the winter and spring, and about once or twice each month during October, November and December the fog becomes so dense you can't see the street light above you, and that it costs the city half a million a day to light it when those worst fogs occur.

## T. S. HILL OF MILLICAN GIVES UP FOR THE KILLING OF HIS NEGRO TENANT

Will Jones, negro, aged about 50 years, tenant on the A. S. Hill farm three miles from Millican was killed Wednesday afternoon about 4:30 o'clock. Mr. Hill came to the office of County Attorney Oak McKenzie, immediately afterward and surrendered, giving the following information in regard to the killing which he alleges to be the facts in the case. There were no witnesses, he said. The killing occurred at the home of Mr. Hill. The negro, according to Hill, came to the house and stated that he was planning to leave his tenancy on the Hill farm and to remove elsewhere. A dispute is said to have arisen over alleged balances due the negro and the killing resulted. Hill who is about 60 years of age, has been released on \$500 bond and his preliminary trial set for Monday morning at 10 o'clock before Justice of the Peace J. W. Hamilton.

## REGULATIONS FOR SECURING SEATS A-M SECTION THANKSGIVING GAME

*(Special to Bryan Daily Eagle)*  
COLLEGE STATION, Oct. 18.—Many requests for tickets to the Thanksgiving game are being received by James Sullivan, business manager of athletics. All of these are being returned with the request that they be filed on November 1, the opening day of the sale. No applications will be received before November 1 except from former students who are active members of the former Students' Association.

Explaining the sale, Mr. Sullivan said, "On November 1, applications will be received from every one desiring tickets. These applications will be received through the mail only. There will be no box seats in the stadium. All seats will be \$2.50 each. In sending checks of tickets twelve cents should be included to cover postage and registry fee; otherwise the tickets will be mailed at the owner's risk.

**Coupon-Book Holders.**  
"Bryan and College coupon book holders have a special section set aside for their use. While the coupon

book does not entitle you to a ticket it does entitle you to the right to purchase two tickets for each coupon book in the preferred section. Coupon book holders in ordering ticket for the Thanksgiving game will make application November 1 through the mail, giving the serial number of each coupon book held. **Met'odists C. H. H. Too.**

The last business to be taken up was the calling of a pastor. Rev. Pipkin, who has served the church as missionary-pastor for the last two years, retired from the building at this point, but was soon called back, and informed that the Baptists, who had had the pleasure of seeing the man, had voted to recall him as pastor. Will Henry, a member of the Methodist church, then stated that there were some Methodists and Free Baptists present who wanted to endorse the call, so they, too, voted to make it unanimous.

The Edge church during its early years had a small but heroic membership. The members are just now discovering themselves, and are finding their possibilities. The plans for the new church year indicate enlargement and improvement along all lines.

Superintendent Madison Hall was motoring out to College Station on Friday afternoon to witness the football game between the Texas Aggies and the Arkansas Aggies, when he happened to an accident. As he told the story, a car turning around in front of the McCaghren residence on College road had a front wheel on the right hand side of the pavement headed back toward Bryan. A car driven by a negro was coming toward the city. Mr. Hall tried to pass in front of the parked car that was making the turn and in doing so his front wheel and the front wheel of the negro's car hit together, causing the wheel on Mr. Hall's Cheviot sedan, bending the axel and damaging the steering apparatus as well as breaking the glass in the right rear door. The negro's car was also badly damaged, including a broken front wheel.

## MRS. A. B. GANDY

## DIED LAST EVENING

## L. A. NASH, ASSISTANT COUNTY AGENT, TELLS VISIT TO CALIFORNIA

Mrs. Margurite Gandy, wife of A. B. Gandy a prosperous farmer of Rock Prairie community, was stricken with apoplexy Wednesday afternoon about 4 o'clock while returning from her home from Bryan, where she had spent the afternoon shopping. Mrs. Gandy, her son, Arthur Gandy, and her grand daughter, Merle Gandy, came to Bryan together, and when they were returning home, Arthur Gandy spoke to his mother who was sitting on the rear seat of the car. When she did not answer, he looked and saw that something was wrong and stopped the car. It was found that Mrs. Gandy was paralyzed on her entire left side, and she was hurried into the home of Mr. and Mrs. J. J. Jones, living near the road, one and one half miles south of College Station. A doctor was summoned from Bryan, but, before he arrived, Mrs. Gandy had passed away at 7 P. M.

The body was taken to the family home and the funeral will be conducted there Friday afternoon, with interment following in the Wellborn cemetery. Rev. R. L. Brown, pastor of the Rock Prairie Baptist church of which deceased was a member will conduct the funeral services.

Mrs. Maggie Jones Gandy was born the 71st year of her age, and had lived in Brazos county nearly all her life. She was a noble Christian, a devoted wife and mother, one who lived the religion she professed, and one whose influence will live on in the lives of those who knew and loved her. She is survived by her husband, three daughters and four sons; Mrs. Charley Chaney, Iola; Mrs. Fred S. Wilcox, Dallas, Mrs. Frank Easter, DeWitt; Ernest Gandy, Allenfarm, Howell Gandy, Hearne; Carl Gandy, Gatesville and Arthur Gandy, Rock Prairie. Two sisters and one brother also survive, Mrs. C. S. Jones and Miss Emmie Jones of Bryan, and John Jones, of Harvey.

**MRS. ANNA ROBINSON  
ENJOYS BIG BIRTHDAY**

SUNDAY night, October 18, Mrs. Anna Robinson, wife of Mr. and Mrs. Tom Robinson, celebrated her 61st birthday. In response to the invitations which had been sent to the homes of a number of the honoree's relatives and friends, the invited guests began to arrive at an early hour Sunday morning, and long before the noon hour arrived about 30 people had assembled, each one eager to make the occasion a gala day for Mrs. Robinson. She received quite a number of nice presents and Mrs. Robinson in her usual pleasant manner made the donors feel that she accepted them with a heart full of gratitude for each one present.

**BIG BIRTHDAY CAKE.**

As the tones of the bell sounded the approach of the noon hour this happy little band retired to the dining room, where the long dining table which stood in the center of the room was decorated with a feast pleasing to the gods, was groaning underneath the heavy burden. There was barbecue, pies, cakes, salads, fruits, pickles galore. But the center of attraction was the beautiful birthday cake with its lighted candles which had been placed near the center of the table. Although the long dining table was too small to accommodate all the guests at the first serving, yet when the first peal of the bell was sounded every one of the guests anxious to be present when Mrs. Robinson extinguished the burning candles, hurried into the dining room.

**SERVED CREAM AND CAKE.**

The afternoons were spent in happy conversation until about four o'clock when the guests were again invited to the dining room where the most delicious ice cream and cake was served, and so the meal continued until the sun had almost descended beyond the horizon when the guest realized that the time or their departure was at hand but it will be a memorable event in the hearts of each one present. Mrs. Robinson is a noble Christian lady and to her is to love her.
